

## **Arizona, Southwestern and Miscellaneous Vertical File**

The Arizona, Southwestern and Miscellaneous Vertical File contains ephemera dealing with Arizona--the land and its peoples, the Southwest including New Mexico, northwestern Mexico and some printed materials of other areas of the United States from the turn of the century to the present. A significant percentage of the documentation in the file has information relating to Tucson, Arizona and the University of Arizona. This ephemera collection features various printed materials, including maps, pamphlets, brochures, clippings and miscellaneous material. Access to the file is through this subject guide arranged alphabetically.
